

The State of the AnVIL 2024: Community Poll

Instructions to Participants

Thank you for participating in the State of the AnVIL 2024 Community Poll! We estimate this will take between 10 and 15 minutes to complete. Your feedback will help us as we continue developing this platform to support your research and data storage needs. At the end of the poll, you will be asked if we may contact you in the future to give further input. If you respond yes, we will request your contact information.

[The AnVIL](#) is the NHGRI Genomic Data Science Analysis, Visualization, and Informatics Lab-space which provides a unified environment for secure data management and computation. This allows for cloud-based analysis of large datasets without having to move those datasets.

Finally, you will be asked if you want to be entered in the prize raffle. This could include training or resource opportunities. Any contact information you provide for this will only be used for the prize raffle.

*Required questions marked with **

Instructions to Participants after the poll closed

We have concluded our State of the AnVIL 2024 Community Poll. If you'd still like to share feedback, you can reach us at help.anvilproject.org!

Part 1: Self-identify as a returning or potential user

How would you describe your current usage the [AnVIL platform](#)?*

- For ongoing projects (e.g., consistent project development and/or work) (--> continue to Part 2: Returning User)
- For short-term projects (e.g., short, intense bursts separated by a few months) (--> continue to Part 2: Returning User)
- For completed/long-term projects (e.g., occasional updates/maintenance as needed) (--> continue to Part 2: Returning User)
- I do not currently use the AnVIL, but have in the past (--> continue to Part 2: Potential User)
- I have never used the AnVIL, but have heard of it (--> continue to Part 2: Potential User)
- I have never heard of the AnVIL (--> continue to Part 2: Potential User)

Part 2: Potential User

Rank the following features or resources according to their importance to you as a potential user of the AnVIL?*

	1 (Most important in this list)	2	3	4	5	6 (Least important in this list)
Easy Billing Setup						
Flat-rate billing rather than use-based						
Free version with limited compute or storage						
On demand support and documentation						
Specific tools or datasets are available/supported						
Greater adoption of the AnVIL by the scientific community						

(--> continue to Part 3a: Demographics)

Part 2: Returning User

How long have you been using the AnVIL?*

- < 1yr
- 1-2 yrs
- 2-3 yrs
- 4+ yrs

Rank the following features or resources according to their importance for your continued use of the AnVIL*

	1 (Most important in this list)	2	3	4	5	6 (Least important in this list)
Easy billing and workgroup management						
Flat-rate billing rather than use-based						
Free version with limited compute or storage						
On demand support and documentation						
Specific tools or datasets are available/supported						
Greater adoption of the AnVIL by the scientific community						

How would you rate your knowledge of or comfort with these technologies (**on the AnVIL**)?*

	Don't know it	Not at all comfortable	Slightly comfortable	Somewhat comfortable	Moderately comfortable	Extremely comfortable
Jupyter Notebooks						
Bioconductor & RStudio						
Galaxy						
WDL Workflows						
Containers						
Unix / Command Line						

How would you rate your knowledge of or comfort with these AnVIL data features?*

	Don't know it	Not at all comfortable	Slightly comfortable	Somewhat comfortable	Moderately comfortable	Extremely comfortable
Accessing controlled access datasets (e.g., GTEx, CCDG)						
DUOS (Data Use Oversight System)						
Terra on AnVIL (Workspaces)						
TDR (Terra Data Repository)						

What one feature in the AnVIL do you appreciate the most?*

- Access to controlled access datasets
- WDL Workflows
- Bioconductor & RStudio on AnVIL
- Jupyter Notebooks on AnVIL
- Galaxy on AnVIL
- Terra on AnVIL
- Dockstore for workflows/containers
- Available Support
- Other ...

What computational and storage resources do you foresee needing in the next 12 months? (Select all that apply)*

- ☐ Many nodes
- ☐ Large memory (>192 GB RAM)
- ☐ GPUs
- ☐ Lots of storage (Terabytes)
- ☐ I don't know
- ☐ Other ...

How likely are you to recommend the AnVIL to a colleague?*

- 1 (Not at all likely)
- 2
- 3
- 4
- 5 (Extremely likely)

(--> continue to Part 3a: Demographics)

Part 3a: Demographics

What is the highest degree you have attained?*

- ☐ High School or equivalent
- ☐ Bachelor's degree
- ☐ Master's degree in progress
- ☐ Master's degree
- ☐ PhD in progress
- ☐ PhD
- ☐ MD in progress
- ☐ MD
- ☐ Other ...

Which industry do you work in? (Select all that apply)*

- ☐ Academia/University
- ☐ Research Institute
- ☐ Clinical/Hospital
- ☐ Biotech (includes start up)
- ☐ Pharmaceutical
- ☐ Government
- ☐ Other ...

What kind of work do you do? (Check up to 2 that you do most often)*

- ☐ Computational work
- ☐ Engineering work
- ☐ Wet lab work
- ☐ Clinical work
- ☐ Computational education
- ☐ Wet lab education
- ☐ Project leadership
- ☐ Project management
- ☐ Program administration
- ☐ Other ...

What institution are you affiliated with?*

Please list any relevant consortia affiliations (e.g., your consortium performs work or stores data on the AnVIL).
Please enter NA if not relevant.*

(--> continue to Part 3b: Experience)

Part 3b: Experience

How would you rate your knowledge of or comfort with these technologies (**separate from the AnVIL**)?*

	Don't know it	Not at all comfortable	Slightly comfortable	Somewhat comfortable	Moderately comfortable	Extremely comfortable
Python						
Jupyter Notebooks						
R						
RStudio						
Bioconductor						
Galaxy						
Workflows (e.g., WDL)						
Containers						
Unix / Command Line						

What types of data do you or would you analyze using the AnVIL? (Select all that apply)*

- ☐ Genomes/exomes
- ☐ Transcriptomes
- ☐ Metagenomes
- ☐ Proteomes
- ☐ Metabolomes
- ☐ Epigenomes
- ☐ Structural
- ☐ Single Cell
- ☐ Imaging
- ☐ Phenotypic
- ☐ Electronic Health Record
- ☐ Metadata
- ☐ Survey
- ☐ Other...

How much experience do you have analyzing the following data categories?*

	Not at all experienced	Slightly experienced	Somewhat experienced	Moderately experienced	Extremely experienced
Human genomic					
Non-human genomic					
Human clinical					

How interested are you in working with controlled access datasets? (e.g., GTEx, CCDG)*

- 1 (Not at all interested)
- 2
- 3
- 4
- 5 (Extremely interested)

What large, controlled access datasets do you access or would you be interested in accessing using the AnVIL? Those marked with an asterisk (*) are not currently available on the AnVIL due to policy restrictions. (Select all that apply)*

- ☐ All of Us*
- ☐ Centers for Common Disease Genomics (CCDG)
- ☐ The Centers for Mendelian Genomics (CMG)
- ☐ Clinical Sequencing Evidence-Generating Research (CSER)
- ☐ Electronic Medical Records and Genomics (eMERGE)
- ☐ Gabriella Miller Kids First (GMKF)
- ☐ Genomics Research to Elucidate the Genetics of Rare Diseases (GREGoR)
- ☐ The Genotype-Tissue Expression Project (GTEx)
- ☐ The Human Pangenome Reference Consortium (HPRC)
- ☐ Population Architecture Using Genomics and Epidemiology (PAGE)
- ☐ Undiagnosed Disease Network (UDN)
- ☐ UK Biobank*
- ☐ None
- ☐ Other ...

(--> continue to Part 3c: Awareness)

Part 3c: Awareness

Have you attended a monthly AnVIL Demo? ([Example](#))*

- ☐ Yes, multiple
- ☐ Yes, one
- ☐ Not yet, but am registered to
- ☐ No, but aware of
- ☐ No, didn't know of

Have you ever read or posted in our [AnVIL Support Forum](#)? (Select all that apply)*

- ☐ Read through others' posts
- ☐ Posted in
- ☐ Answered someone's post
- ☐ No, but aware of
- ☐ No, didn't know of

(--> continue to Part 3d: Preferences)

Part 3d: Preferences

Please rank how/where you would prefer to attend AnVIL training workshops.*

	1 (Most preferred in this list)	2	3	4	5 (Least preferred in this list)
On-site at my institution					
Virtual					
Conference (e.g., CSHL, AMIA)					
AnVIL-specific event					
Other					

If you ranked "Other" highly for venues you would prefer to attend for training workshops, please specify here.

Where do you currently run analyses? (Select all that apply)*

- ☐ Personal computer (locally)
- ☐ Institutional High Performance Computing cluster (HPC)
- ☐ Amazon Web Services (AWS)
- ☐ Google Cloud Platform (GCP)
- ☐ Microsoft Azure
- ☐ Galaxy (usegalaxy.org)
- ☐ Other ...

What repositories are you considering to share data (for example, to comply with the NIH DMS Policy)? (Select all that apply)*

- ☐ Your institutional repository
- ☐ Zenodo
- ☐ AnVIL
- ☐ I'm not sure what DMS Policy is
- ☐ Other ...

What source(s) of funds do you use to pay for cloud computing? (Select all that apply)*

- ☐ NHGRI
- ☐ Other NIH
- ☐ Foundation Grant
- ☐ Institutional funds
- ☐ Don't know
- ☐ Only use free options
- ☐ Other ...

Are you willing to be contacted again to give input in the future?*

- Yes (--> *continue to Future Contact*)
- No (--> *continue to Incentives*)

Future Contact

What email address may we use to contact you in the future?*

(--> continue to Incentives)

Incentives

Would you like to be entered in the prize raffle? This could include training or resource opportunities. If so, please follow the following link to provide your email address. You will not be contacted for any reason other than the prize raffle result. Your poll responses will not be linked to your email. [raffle entry link]

(--> End)
